

April 17, 2017

Dear Gordon,

Thank you so much for the AVID partnership again this year. It's always such a pleasure to work with the great group you have assembled in Denver! From the registration, to check in, all the way to the ending ceremony in the arena bowl at Pepsi Center, you all make it effortless for my team to execute.

In our four years working together, 2017 was the most successful as we registered by far the most students and colleges for the AVID Leadership Conference here at Pepsi Center on February 24th. We had 948 student and chaperone tickets sold and 140 college tickets distributed.

I believe that is, in large part, due to our new partnership with Career Council, Inc. They took the college fair portion of the day off of my hands and doubled the number of colleges that were in attendance from the previous year. I would highly recommend Career Council, Inc. to any of your other partners going forward. They were a huge asset to our event and we would love to work with them again going forward.

Thank you and GO NUGGETS,
